Building 429 Update

The Action Task Force met this week and would like to share the following update: We are waiting on a Land Use Permit and a Building Permit for the inside remodeling. The goal is to have these permits in hand by mid-April, and then work to have the inside remodeling mostly completed by mid-summer. All ministries will be able to meet, even during construction with little disruption. The addition to the front of the building will hopefully commence soon after, or when the prices begin to decline from the pandemic issues.
